

FOUR CELLS

Divide the grid into regions of exactly four cells.

The number inside a cell represents how many of its four sides (including the border of the grid) are segments of region borders.

3	2	3	3	3	3	2	2
3	2	2	2	1	3	3	3
2	3	2	2	3	3	2	2
2	3	3	3	2	2	3	3
2	2	3	3	3	3	2	2
2	2	2	2	3	1	3	3
2	2	2	2	2	2	2	2
2	2	3	3	2	2	2	2
