

MINESWEEPER

Place mines in some of the empty cells of the grid.

The numbered cells in the grid indicate how many mines are present in vertically, horizontally, and diagonally adjacent cells.

	2				3		3	3	
2		3		3					
2		3				4		3	
			3		5	3	2		1
2									
	1		3	5					2
2							3	2	
1			2		4		3		1
		2				4			2
	2				1				2
