

HIDATO

The goal is to fill the grid with consecutive numbers that connect horizontally, vertically, or diagonally.

In every puzzle, the smallest and the highest numbers are given in the grid. The other numbers are given to ensure that the puzzle has only a single solution.

98	100				63		56		
					65			55	
							59		
92		85							37
			84		68				44
79		81	82						
74						32		30	
		1	2				27		21
8					15				
	9	5		14			23
