

TREN

Locate some blocks in the grid that have a size of either 1×2 or 1×3 cells.

Each number in the grid should be part of a block, and indicates the total number of possible movements of the block (if the block moves in one cell units).

Blocks can only move in the direction of their short edge.

	0				3			
						5		1
			2					
		0		0				
2							5	
				2				
			3					2
0		1				2		
			4
