

NUMBRIX

Some of the cells of the puzzle grid have numbers in them.

The goal is to fill in the missing numbers in the grid, in sequential order, going horizontally and vertically.

Diagonal paths are not allowed.

	81		91	94	95				37
					96				
78	83			100		44	43		
	84								32
76		74		48				30	
68									
					14				
64		60						10	
			58		2		4
