

## RIPPLE EFFECT (HAKYUU)

The puzzle grid is divided into sections called "rooms". The task is to fill every room with each of the numbers from 1 to the number of cells in that room.

If two identical numbers appear in the same row or column, at least that many cells with other numbers must separate them.

				1	4		1
1			3				3
	2				1		
	3		2			1	2
5		2			1		
	2			2			
2			2			3	
4		2			3		1
