SANDWICH SUDOKU

Fill digits 1-9 in the empty spaces of the grid such that they appear exactly once in each row, column, and 3×3 square.

Number clues outside the grid are the sum of digits sandwiched between digits 1 and 9 in the corresponding row or column.

	5	15	0	6	0	7	11	7	0
3		4			8	9			
5						4		7	
30		8	2						5
6	5		8			1			3
0	9		6			2			8
6				8					
13							5		
2			1						
12				3				8
