

TREN

Locate some blocks in the grid that have a size of either 1×2 or 1×3 cells.

Each number in the grid should be part of a block, and indicates the total number of possible movements of the block (if the block moves in one cell units).

Blocks can only move in the direction of their short edge.

	1				1		0	
		1	1					1
		1	0				1	
4	0		2					2
			6					
	1						3	
			1	2
