

RIPPLE EFFECT (HAKYUU)

The puzzle grid is divided into sections called "rooms". The task is to fill every room with each of the numbers from 1 to the number of cells in that room.

If two identical numbers appear in the same row or column, at least that many cells with other numbers must separate them.

	4		1		3		5		1
		3						1	
			3						
1		2		1					2
			5		3			4	
		5							
	2				5	2			4
4				5				2	
3							5		
				2		6		3
